

Recirculationskit 8 for Sirocco

Item number: 535.46.1288.9

€ 370,96

EAN: 5703347533457

Upgrade your Thermex Sirocco hob with Recirculation Kit 8. Easy installation, efficient recirculating ventilation, and budget-friendly. Clean air without hassle!

Upgrade your Thermex Sirocco hob with ease using our Recirculation Kit 8. This convenient kit is designed to fit perfectly with both Thermex Sirocco I and Thermex Sirocco II, allowing you to enjoy the benefits of recirculating ventilation affordably.

Our basic kit is ideal for recirculating air down to the plinth, ensuring an effective and discreet solution. Please note that you'll need to provide a suitable grille in the plinth to match your kitchen.

Crafted from durable white plastic, the recirculation kit ensures reliable performance and longevity. It includes the following components for easy installation: a carbon filter set for mounting in the hood, a connector for mounting on the hood's exhaust, 1 meter of flat duct in the dimension 222x89 mm (which can be shortened or split), and a 90-degree bend.

With Recirculation Kit 8 for Sirocco, you can enjoy clean air in your kitchen hassle-free. Enhance your cooking experience with this convenient solution for recirculating ventilation.
