Thermex Decor 942 70 cm in white with motor is a classic pyramid-shaped hood with a large suction surface, efficient motor, and a simple and easy-to-use control panel

**Thermex Decor 942** has the classic pyramid shape and is available in white or stainless steel. Many people do not want an upper cabinet where the hob will be, if that is the case for you then Decor 942 is a good choice when you need to buy a hood. It is available in 2 different widths (60 and 70 cm). Can be used together with carbon filter. As with all wall-mounted models, the channel can be adapted to the ceiling height in your kitchen, either by using the connection function in the standard channel or by using a special channel. The built-in motor can produce up to 381 m<sup>3</sup>/h.
