Item number: 513.21.2088.2

€ 1.567,54

EAN: 5703347531088

A+

Thermex Integro 51 II Premium 80 cm with motor is a minimalist built-in extractor hood which is hidden in the upper cabinet, the built-in controls make it easy to use the extractor. The simple assembly concept makes it possible to replace the existing hood without replacing the cabinet itself.

**Thermex Integro 51 II Premium 80 cm** is an innovation that fits all standard 60 cm upper cupboards, it basically just replaces the bottom of the cupboard. You make use of the maximum collection surface and can also fold out the glass screen, with electronic control, if necessary. Integro 51 II is super efficient and has a boost function. The edges of the upper cabinet are well protected by the folds of the hood. Thermex Integro is a slightly underrated solution that is very simple to install. The built-in motor can move up to 400 m<sup>3</sup>/h
